Any plant or tree which you may desire which is not shown on this list can be
 furnished as we are in constant touch with all growers not only in this vicinity
 but thruout the Country, however we advise the planting of varieties propagated and
 grown in this locality as they have become acclimated. Our prices are as low as
 can be found for first class plant material, you are invited to visit our establish-
 ment at any time, especially during the warm months of the year there are many
 vines, trees, and shrubs in bloom. Remember in purchasing plants for your home
 you want them to grow and thrive which is impossible if the plants you buy are
 handled a number of times before they reach you which is the case in most cases.
 The plant material you obtain from us is fresh, either grown by us or purchased
 direct from the grower, handled properly by experienced personnel here at the
 nursery and consequently reaches you in the best possible condition.

We appreciate your business and assure you of good merchandise, packed well,
 delivered to the carrier promptly at your least possible outlay.

CUSTOMERS ARE REQUESTED TO SHOW SUBSTITUTES IN CASE WE ARE OUT OF VARIETIES OR SIZES

SAN ANTONIO, TEXAS.

Communicate with us relative to any Pruning, Spraying, Transplanting, Tree Surgery, Budding, Sodding or Landscaping, we operate a crew of men thru the Southwest doing the above work, prices very reasonable.

Twelve years at this location. We have abundant artesian water, consequently we grow and sell only young, thrifty, well balanced plants. No plants carried over from year to year. We purchase what stock we do not grow from old established growers and at times have items at "Special" prices, Watch our Sunday adds in the San Antonio Newspapers (Classified Section) for such Specials.

In addition to the Nursery we operate a "Fish Worm Farm" and grow millions of the Red California Wiggle Worms for fishermen. These worms retail at 50¢ per 100. We ship this bait all over the Country and can use some more dealers in small towns.
